Local Resources

Utah Parent Center (801-272-1051) www.utahparentcenter.org

The former Autism Society of Utah joined the Utah Parent Center. The Utah Parent Center has information about community services, support groups, etc. specific to autism. It also is the best resource for information, workshops, and consultation for IEP's or 504 plan .

- Workshops - stress management, bringing your child through transition phases, etc.

- Parent-to parent - support when newborn or child is newly diagnosed with disability.
- Parent consultants - parents who have "been there".
- Links with other agencies relevant to your needs.
- Weekly newsletter – E-connections
- Written materials : Disability Resource Book ,Transition info

Autism Council of Utah: The Autism Council of Utah is an independent council working to foster collaboration, communication, and learning among families and agencies. Our aim is to promote access to resources and responsible information for individuals of all ages who have, or are affected by autism, or related conditions. The Council will accomplish this by supporting statewide partnerships to collaborate on special projects, research, and training:

www.autismcouncilofutah.org

Utah Registry of Autism and Developmental Disabilities (801-584-8547; 800-829-8200 ext 1; URADD@utah.gov; <http://www.health.utah.gov/autism>). Publishes a quarterly newsletter to share information about Autism spectrum disorders with families. Run by the State Health Department, URADD website and brochures provide information about ASD and links to local resources.

Family to Family Network (www.ftofninfo@utahparentcenter.org)

This network is a grassroots volunteer group composed of family members across the State of Utah who have a relative with a disability. Their mission is to educate, strengthen and support families of persons with disabilities. Local meetings are typically held monthly to serve as an information and referral source and to provide on-going support and education to families.. A MUST for any family with a child with special needs! Toll free 800-468-1160, 272-1051

Big Mak's (Moms of Autistic Kids) 801 944 1729 MAK's is dedicated to giving and offering support to other mothers of children with Autism Spectrum Disorders. They have a support group and a play group that meet regularly.

Time Sensitive 2009-Summer

Kidstar Summer Camp for Children with Autism: July 20 - August 13: Ages 13 - 16
 Kidstar Summer Day Camp is an activities based summer program designed to help those with high functioning autism, ages 8-16, learn social skills and build self esteem. Kidstar's unique approach allows those with autism to learn directly from their peers. Throughout the camp, each camper with autism will be paired with a "buddy" camper that will model proper behavior and provide an example of appropriate social interaction. This will enable each camper to make numerous friends and reach out to others with the safety of a "buddy."

The Kidstar Day Camp is held at the Neuropsychiatric Institute Monday - Thursday, 9 am - 4 pm. Contact Kidstar Director, Karina Rasmussen at (801) 587-3154 or karina.rasmussen@hsc.utah.edu for further information or to register for the camp.
